

### Corrigendum – III

**Brief Description of Procurement:** Regional Copper Roadmap-Strategy (Bangladesh, Bhutan, India, Nepal & Sri Lanka)

**Date:** 8<sup>th</sup> February 2024

**Deadline:** 11<sup>th</sup> February 2024, 2300, hours (Indian Standard Time)

Clause under Reference	Queries/Suggestions	Clarifications/Response/Corrigendum
<b>Form D: Qualification Form (Page 44 of 53) and Form E: Format of Technical Proposal (Page 49 of 53)</b>	<ul style="list-style-type: none"> <li>As part of the bid submission, the Client's contact details and credentials must be furnished, and also, on the CV of the proposed team members, the reference contact details are to be provided. However, due to confidentiality and/or the concerned team of the Client have changed or moved away, it has been difficult to furnish the contact details and the credentials and if this can be relaxed.</li> </ul>	<ul style="list-style-type: none"> <li>If available, all bidders are requested to furnish the details as far as possible, and in case they are not available or due to confidentiality, the contact details or any relevant document cannot be shared, then a brief about those credentials can be presented, which can be considered as a part of the submission.</li> </ul>
<b>Section 1. Bidder's qualification, capacity and experience</b>	<ul style="list-style-type: none"> <li>To Bidder's qualification, capacity, and experience, 300 marks have been allocated out of 1000. In page 23 of 53 of the RFP the breakup of 300 marks is given; also, on page 24 of 53 of the RFP the breakup of 300 marks is given. The marking scheme in both the breakup is different. Request to kindly</li> </ul>	<ul style="list-style-type: none"> <li>The summary of Technical Evaluation Forms under Bidder's qualification, capacity and experience, the division of the score as follows will be considered for evaluation.</li> <li>At least 10 projects completed in metal, minerals and mining, out of which at least 3 in comparable</li> </ul>

	<p>guide as to which one will be followed for marking.</p>	<p>assignments. (50)</p> <ul style="list-style-type: none"> <li>– Demonstrated expertise in the copper industry with a focus on its applications in solar technology (50)</li> <li>– Experience in analysing the environmental and economic impact of copper usage in the context of renewable energy, capable of assessing the carbon footprint and sustainability of copper utilisation (50)</li> <li>– Proficiency in the mining industry, especially in copper mining, knowledge of copper extraction, refining, and its availability in the local context (50).</li> <li>– Experience in policy formulation and strategic planning, particularly related to critical minerals and resources, understanding government policies and regulations in the mining sector (50).</li> <li>– An understanding of end-of-life metal recycling and responsible recycling technologies is required. Bidders should be capable of improving the collection efficiency and metal recovery rates (50)</li> </ul>
<p><b>Section 3. Management Structure and Key Personnel</b></p>	<ul style="list-style-type: none"> <li>– Evaluation points and score clarifications</li> </ul>	<ul style="list-style-type: none"> <li>▪ The maximum points shall be reassigned with a maximum score of 80 points for the Team Leader and 120 points, equally divided amongst the remaining team members.</li> </ul>
<p><b>Form E: Format of Technical Proposal (Page 45 of 53)</b></p>	<ul style="list-style-type: none"> <li>– Relevance of specialised knowledge and experience on similar engagements for fundraising done in the region/country.</li> </ul>	<ul style="list-style-type: none"> <li>▪ The fundraising experiences and expertise will have an added advantage, however, it is not mandatory and will not affect the score.</li> </ul>

<p><b>Sub-contracting JV/Consortium</b></p>	<p>– Is it possible to include international research bodies in the consortium, How will be they paid as sub-granting is not allowed as per FRCA rules.</p>	<p>▪ While forming the JV/Consortium is allowed, sub-contracting to other third parties is not allowed. However, the bidders shall provide the required task in case of such requirements. In sub-contracting, a signed sub-contract agreement (as a part of JV with the lead and sub-contracting firm) shall be submitted with the bids. In case of JV/Consortium or sub-contracting, then ISA will sign a contract with the lead firm and will make payment as per the contract document to the lead firm and is not responsible for making payment to any other JV partners or sub-contractors as part of the consortium.</p>
