Section 2. Instruction to Bidders

GENERAL PROVISIONS	
1. Introduction	<p>1.1 Bidders shall adhere to all the requirements of this RFP, including any amendments in Writing by ISA.</p> <p>1.2 Any Proposal submitted will be regarded as an offer by the Bidder and does not constitute or imply the acceptance of the Proposal by ISA. ISA is under no obligation to award a contract to any Bidder as a result of this RFP.</p>
2. Fraud & Corruption, Gifts and Hospitality	<p>2.1 ISA strictly enforces a policy of zero tolerance on proscribed practices, including fraud, corruption, collusion, unethical or unprofessional practices, and obstruction of ISA vendors and requires all bidders/vendors observe the highest standard of ethics during the procurement process and contract implementation.</p> <p>2.2 Bidders/vendors shall not offer gifts or hospitality of any kind to ISA staff members including recreational trips to sporting or cultural events, theme parks or offers of holidays, transportation, or invitations to extravagant lunches or dinners.</p> <p>2.3 In pursuance of this policy, ISA (a) Shall reject a proposal if it determines that the selected bidder has engaged in any corrupt or fraudulent practices in competing for the contract in question; (b) Shall declare a vendor ineligible, either indefinitely or for a stated period of time, to be awarded a contract if at any time it determines that the vendor has engaged in any corrupt or fraudulent practices in competing for, or in executing a ISA contract.</p> <p>2.4 All Bidders must adhere to the ISA Supplier Code of Conduct, which may be found at https://isolaralliance.org/images/ISA%20Supplier%20Code%20of%20Conduct_14.4.2023.final%20version.pdf</p>
3. Eligibility	<p>3.1 A vendor should not be suspended, debarred, or otherwise identified as ineligible by any UN Organization or the World Bank Group or any other international Organization. Vendors are therefore required to disclose to ISA whether they are subject to any sanction or temporary suspension imposed by these organizations.</p> <p>3.2 It is the Bidder’s responsibility to ensure that its employees, joint venture members, sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by ISA.</p>
4. Conflict of Interests	<p>4.1 Bidders must strictly avoid conflicts with other assignments or their own interests, and act without consideration for future work. Bidders found to have a conflict of interest shall be disqualified. Without limitation on the generality of the above, Bidders, and any of their affiliates, shall be considered to have a conflict of interest with one or more parties in this</p>

	<p>solicitation process, if they:</p> <ul style="list-style-type: none"> a) Are or have been associated in the past, with a firm or any of its affiliates which have been engaged by ISA to provide services for the preparation of the design, specifications, Terms of Reference, cost analysis/estimation, and other documents to be used for the procurement of the goods and services in this selection process; b) Were involved in the preparation and/or design of the programme/project related to the services requested under this RFP; or c) Are found to be in conflict for any other reason, as may be established by, or at the discretion of ISA. <p>4.2 In the event of any uncertainty in the interpretation of a potential conflict of interest, Bidders must disclose to ISA, and seek ISA’s confirmation on whether or not such a conflict exists. The ISA shall have the discretion to disqualify or proceed with a bidder where there is a probable conflict of interest subject to further evaluation and review of various factors such as access to sensitive information which may confer unfair advantage as against other bidders. The decision on a probable conflict of interest shall be made in the best interest of the work of the ISA.</p> <p>4.3 Similarly, the Bidders must disclose in their proposal their knowledge of the following:</p> <ul style="list-style-type: none"> a) If the owners, part-owners, officers, directors, controlling shareholders, of the bidding entity or key personnel are family members of ISA staff involved in the procurement functions and/or the Government of the country or any Implementing Partner receiving services under this RFP; and b) All other circumstances that could potentially lead to actual or perceived conflict of interest, collusion or unfair competition practices. <p>Failure to disclose such an information may result in the rejection of the proposal or proposals affected by the non-disclosure.</p> <p>4.4 The eligibility of Bidders that are wholly or partly owned by the Government shall be subject to ISA’s further evaluation and review of various factors such as being registered, operated and managed as an independent business entity, the extent of Government ownership/share, receipt of subsidies, mandate and access to information in relation to this RFP, among others. Conditions that may lead to undue advantage against other Bidders may result in the eventual rejection of the Proposal.</p>

PREPARATION OF PROPOSALS

<p>5. General Considerations</p>	<p>5.1 In preparing the Proposal, the Bidder is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.</p> <p>5.2 The Bidder will not be permitted to take advantage of any errors or omissions in the RFP. Should such errors or omissions be discovered, the Bidder must notify the ISA</p>
----------------------------------	--

<p>6. Cost of Preparation of Proposal</p>	<p>6.1 The Bidder shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. ISA shall not be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.</p>
<p>7. Language</p>	<p>7.1 The Proposal, as well as any and all related correspondence exchanged by the Bidder and ISA, shall be Written in the language (s) specified in the BDS.</p>
<p>8. Documents Comprising the Proposal</p>	<p>8.1 The Proposal shall comprise of the following documents:</p> <ul style="list-style-type: none"> c) Documents Establishing the Eligibility and Qualifications of the Bidder; d) Technical Proposal; e) Financial Proposal; f) Proposal Security, if required by BDS; g) Any attachments and/or appendices to the Proposal.
<p>9. Documents Establishing the Eligibility and Qualifications of the Bidder</p>	<p>9.1 The Bidder shall furnish documentary evidence of its status as an eligible and qualified vendor, using the Forms provided under Section 6 and providing documents required in those forms. In order to award a contract to a Bidder, its qualifications must be documented to ISA's satisfaction.</p>
<p>10. Technical Proposal Format and Content</p>	<p>10.1 The Bidder is required to submit a Technical Proposal using the Standard Forms and templates provided in Section 6 of the RFP.</p> <p>10.2 The Technical Proposal shall not include any price or financial information. A Technical Proposal containing material financial information may be declared non-responsive.</p> <p>10.3 Samples of items, when required as per Section 5, shall be provided within the time specified and unless otherwise specified by ISA, and at no expense to ISA</p> <p>10.4 When applicable and required as per Section 5, the Bidder shall describe the necessary training programme available for the maintenance and operation of the services and/or equipment offered as well as the cost to the ISA. Unless otherwise specified, such training as well as training materials shall be provided in the language of the Bid as specified in the BDS.</p>
<p>11. Financial Proposals</p>	<p>11.1 The Financial Proposal shall be prepared using the Standard Form provided in Section 6 of the RFP. It shall list all major cost components associated with the services, and the detailed breakdown of such costs.</p> <p>11.2 Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.</p> <p>11.3 Prices and other financial information must not be disclosed in any other place except in the financial proposal.</p>

<p>12. Proposal Security</p>	<p>12.1 A Proposal Security, if required by BDS, shall be provided in the amount and form indicated in the BDS. The Proposal Security shall be valid up to thirty (30) days after the final date of validity of the Proposal.</p> <p>12.2 The Proposal Security shall be included along with the Technical Proposal. If Proposal Security is required by the RFP but is not found along with the Technical Proposal, the Proposal shall be rejected.</p> <p>12.3 If the Proposal Security amount or its validity period is found to be less than what is required by ISA, ISA shall reject the Proposal.</p> <p>12.4 In the event an electronic submission is allowed in the BDS, Bidders shall include a copy of the Bid Security in their proposal and the original of the Proposal Security must be sent via courier or hand delivery as per the instructions in BDS.</p> <p>12.5 The Proposal Security may be forfeited by ISA, and the Proposal rejected, in the event of any one or combination, of the following conditions:</p> <ul style="list-style-type: none"> a) If the Bidder withdraws its offer during the period of the Proposal Validity specified in the BDS, or; b) In the event that the successful Bidder fails: <ul style="list-style-type: none"> i. to sign the Contract after ISA has issued an award; or ii. to furnish the Performance Security, insurances, or other documents that ISA may require as a condition precedent to the effectivity of the contract that may be awarded to the Bidder.
<p>13. Currencies</p>	<p>13.1 All prices shall be quoted in the currency or currencies indicated in the BDS. Where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:</p> <ul style="list-style-type: none"> a) ISA will convert the currency quoted in the Proposal into the ISA preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and b) In the event that ISA selects a proposal for award that is quoted in a currency different from the preferred currency in the BDS, ISA shall reserve the right to award the contract in the currency of ISA's preference, using the conversion method specified above.
<p>14. Joint Venture, Consortium or Association</p>	<p>14.1 If the Bidder is a group of legal entities that will form or have formed a Joint Venture (JV), Consortium or Association for the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the JV, Consortium or Association jointly and severally, which shall be evidenced by a duly notarized Agreement among the legal entities, and submitted with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between ISA and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.</p> <p>14.2 After the Deadline for Submission of Proposal, the lead entity identified to</p>

	<p>represent the JV, Consortium or Association shall not be altered without the prior written consent of ISA.</p> <p>14.3 The lead entity and the member entities of the JV, Consortium or Association shall abide by the provisions of Clause 15 herein in respect of submitting only one proposal.</p> <p>14.4 The description of the organization of the JV, Consortium or Association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the JV, Consortium or Association Agreement. All entities that comprise the JV, Consortium or Association shall be subject to the eligibility and qualification assessment by ISA.</p> <p>14.5 A JV, Consortium or Association in presenting its track record and experience should clearly differentiate between:</p> <ul style="list-style-type: none"> a) Those that were undertaken together by the JV, Consortium or Association; and b) Those that were undertaken by the individual entities of the JV, Consortium or Association. <p>14.6 Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the JV, Consortium or Association or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.</p> <p>JV, Consortium or Associations are encouraged for high value, multi-sectoral requirements when the spectrum of expertise and resources required may not be available within one firm.</p>
<p>15.Only One Proposal</p>	<p>15.1 The Bidder (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture.</p> <p>15.2 Proposals submitted by two (2) or more Bidders shall all be rejected if they are found to have any of the following:</p> <ul style="list-style-type: none"> h) they have at least one controlling partner, director or shareholder in common; or i) any one of them receive or have received any direct or indirect subsidy from the other/s; or j) they have the same legal representative for purposes of this RFP; or k) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Bidder regarding this RFP process;

	<ul style="list-style-type: none"> l) they are subcontractors to each other’s Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Bidder; or m) some key personnel proposed to be in the team of one Bidder participates in more than one Proposal received for this RFP process. This condition relating to the personnel, does not apply to subcontractors being included in more than one Proposal.
16.Proposal Validity Period	<p>16.1 Proposals shall remain valid for the period specified in the BDS, commencing on the Deadline for Submission of Proposals. A Proposal valid for a shorter period may be rejected by ISA and rendered non-responsive.</p> <p>16.2 During the Proposal validity period, the Bidder shall maintain its original Proposal without any change, including the availability of the Key Personnel, the proposed rates and the total price.</p>
17.Extension of Proposal Validity Period	<p>17.1 In exceptional circumstances, prior to the expiration of the proposal validity period, ISA may request Bidders to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.</p> <p>17.2 If the Bidder agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal.</p> <p>17.3 The Bidder has the right to refuse to extend the validity of its Proposal, and in which case, such Proposal will not be further evaluated.</p>
18.Clarification of Proposal	<p>18.1 Bidders may request clarifications on any of the RFP documents no later than the date indicated in the BDS. Any request for clarification must be sent in writing in the manner indicated in the BDS. If inquiries are sent other than specified channel, even if they are sent to an ISA staff member, ISA shall have no obligation to respond or confirm that the query was officially received.</p> <p>18.2 ISA will provide the responses to clarifications through the method specified in the BDS.</p> <p>18.3 ISA shall endeavor to provide responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of ISA to extend the submission date of the Proposals, unless ISA deems that such an extension is justified and necessary.</p>
19.Amendment of Proposals	<p>19.1 At any time prior to the deadline of Proposal submission, ISA may for any reason, such as in response to a clarification requested by a Bidder, modify the RFP in the form of an amendment to the RFP. Amendments will be made available to all prospective bidders.</p> <p>19.2 If the amendment is substantial, ISA may extend the Deadline for submission of proposal to give the Bidders reasonable time to incorporate the amendment into their Proposals.</p>

<p>20. Alternative Proposals</p>	<p>20.1 Unless otherwise specified in the BDS, alternative proposals shall not be considered. If submission of alternative proposal is allowed by BDS, a Bidder may submit an alternative proposal, but only if it also submits a proposal conforming to the RFP requirements. ISA shall only consider the alternative proposal offered by the Bidder whose conforming proposal ranked the highest as per the specified evaluation method. Where the conditions for its acceptance are met, or justifications are clearly established, ISA reserves the right to award a contract based on an alternative proposal.</p> <p>20.2 If multiple/alternative proposals are being submitted, they must be clearly marked as “Main Proposal” and “Alternative Proposal”</p>
<p>21. Pre-Bid Conference</p>	<p>21.1 When appropriate, a Bidder’s conference will be conducted at the date, time and location specified in the BDS. All Bidders are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Bidder. Minutes of the Bidder’s conference will be sent to all the participants of the pre-bid conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP, unless specifically incorporated in the Minutes of the Bidder’s Conference or issued/posted as an amendment to RFP.</p>
<p>SUBMISSION AND OPENING OF PROPOSALS</p>	
<p>22. Submission</p>	<p>22.1 The Bidder shall submit a duly signed and complete Proposal comprising the documents and forms in accordance with the requirements in the BDS. The submission shall be in the manner specified in the BDS.</p> <p>22.2 The Proposal shall be signed by the Bidder or person(s) duly authorized to commit the Bidder. The authorization shall be communicated through a document evidencing such authorization issued by the legal representative of the bidding entity, or a Power of Attorney, accompanying the Proposal.</p> <p>22.3 Bidders must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Bidder fully accepts the ISA General Contract Terms and Conditions. https://www.isolaralliance.org/images/ISA_GTB.pdf</p>
<p>Email Submission</p>	<p>22.4 Email submission, if allowed or specified in the BDS, shall be governed as follows:</p> <ul style="list-style-type: none"> a) Electronic files that form part of the proposal must be in accordance with the format and requirements indicated in BDS; b) The Technical Proposal and the Financial Proposal files MUST BE COMPLETELY SEPARATE. The financial proposal shall be encrypted with password and clearly labelled. The files must be sent to the dedicated email address specified in the BDS. c) The password for opening the Financial Proposal should be provided only upon request of ISA. ISA will request password only from bidders whose Technical Proposal has been found to be technically responsive.

	Failure to provide correct password may result in the proposal being rejected.
23. Deadline for Submission of Proposals and Late Proposals	<p>23.1 Complete Proposals must be received by ISA in the manner, and no later than the date and time, specified in the BDS. ISA shall only recognize the date and time that the bid was received by ISA</p> <p>23.2 ISA shall not consider any Proposal that is submitted after the deadline for the submission of Proposals.</p>
24. Withdrawal, Substitution, and Modification of Proposals	<p>24.1 A Bidder may withdraw, substitute or modify its Proposal after it has been submitted at any time prior to the deadline for submission.</p> <p>24.2 Manual and Email submissions: A bidder may withdraw, substitute or modify its Proposal by sending a written notice to ISA, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal, if any, must accompany the respective written notice. All notices must be submitted in the same manner as specified for submission of proposals, by clearly marking them as "WITHDRAWAL" "SUBSTITUTION," or "MODIFICATION"</p> <p>24.3 Proposals requested to be withdrawn shall be returned unopened to the Bidders, only for manual submissions. For online submissions, bids will be disregarded by ISA.</p>
25. Proposal Opening	25.1 There is no public bid opening for RFPs. ISA shall open the Proposals in the presence of an ad-hoc committee formed by ISA, consisting of at least two (2) members.
EVALUATION OF PROPOSALS	
26. Confidentiality	<p>26.1 Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Bidders or any other persons not officially concerned with such process, even after publication of the contract award.</p> <p>26.2 Any effort by a Bidder or anyone on behalf of the Bidder to influence ISA in the examination, evaluation and comparison of the Proposals or contract award decisions may, at ISA's decision, result in the rejection of its Proposal and may be subject to the application of prevailing ISA vendor sanctions procedures.</p>
27. Evaluation of Proposals	<p>27.1 The Bidder is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 24 of this RFP. ISA will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.</p> <p>27.2 Evaluation of proposals is made of the following steps: n) Preliminary Examination o) Minimum Eligibility and Qualification (if pre-qualification is not done) p) Evaluation of Technical Proposals</p>

	q) Evaluation of Financial Proposals
28.Preliminary Examination	28.1 ISA shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, and whether the Proposals are generally in order, among other indicators that may be used at this stage. ISA reserves the right to reject any Proposal at this stage.
29.Evaluation of Eligibility and Qualification	<p>B. Eligibility and Qualification of the Bidder will be evaluated against the Minimum Eligibility/Qualification requirements specified in the Section 4 (Evaluation Criteria).</p> <p>C. In general terms, vendors that meet the following criteria may be considered qualified:</p> <ul style="list-style-type: none"> i. They are not included in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers. ii. They have a good financial standing and have access to adequate financial resources to perform the contract and all existing commercial commitments, iii. They have the necessary similar experience, technical expertise, production capacity where applicable, quality certifications, quality assurance procedures and other resources applicable to the provision of the services required; iv. They are able to comply fully with ISA General Terms and Conditions of Contract; v. They do not have a consistent history of court/arbitral award decisions against the Bidder; and vi. They have a record of timely and satisfactory performance with their clients. vii. The consulting firm should provide credentials, through adequate references or documentation, their current local presence in the ISA focus regions. Past experience of working with ISA and/or with multilateral/international organizations will be an added advantage.
30.Evaluation of Technical and Financial Proposals	<p>30.1 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other RFP documents, applying the evaluation criteria, sub-criteria, and point system specified in the Section 4 (Evaluation Criteria). A Proposal shall be rendered non-responsive at the technical evaluation stage if it fails to achieve the minimum technical score indicated in the BDS. When necessary and if stated in the BDS, ISA may invite technically responsive bidders for a presentation related to their technical proposals. The conditions for the presentation shall be provided in the bid document where required.</p> <p>30.2 In the second stage, only the Financial Proposals of those Bidders who achieve the minimum technical score will be opened for evaluation. The Financial Proposals corresponding to Technical Proposals that were rendered non-responsive shall remain unopened, and, in the case of manual submission, be returned to the Bidder unopened. For emailed</p>

	<p>Proposals submissions, ISA will not request for the password of the Financial Proposals of bidders whose Technical Proposal were found not responsive.</p> <p>30.3 The evaluation method that applies for this RFP shall be as indicated in the BDS, which may be either of two (2) possible methods, as follows: (a) the lowest priced method which selects the lowest evaluated financial proposal of the technically responsive Bidders; or (b) the combined scoring method which will be based on a combination of the technical and financial score.</p> <p>30.4 When the BDS specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:</p> <div style="border: 1px solid black; padding: 10px; margin: 10px 0;"> <p><u>Rating the Technical Proposal (TP):</u></p> <p>TP Rating = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100</p> <p><u>Rating the Financial Proposal (FP):</u></p> <p>FP Rating = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100</p> <p><u>Total Combined Score:</u></p> <p>Combined Score = (TP Rating) x (Weight of TP, e.g. 70%/100) + (FP Rating) x (Weight of FP, e.g., 30%/100)</p> </div>
<p>31. Due Diligence</p>	<p>31.1 ISA reserves the right to undertake a due diligence exercise, also called post qualification, aimed at determining to its satisfaction, the validity of the information provided by the Bidder. Such exercise shall be fully documented and may include, but need not be limited to, all or any combination of the following:</p> <ul style="list-style-type: none"> a) Verification of accuracy, correctness and authenticity of information provided by the Bidder; b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team; c) Inquiry and reference checking with Government entities with jurisdiction on the Bidder, or with previous clients, or any other entity that may have done business with the Bidder; d) Inquiry and reference checking with previous clients on the performance on on-going or contracts completed, including physical inspections of previous works, as necessary; e) Physical inspection of the Bidder’s offices, branches or other places

	<p>where business transpires, with or without notice to the Bidder;</p> <p>f) Other means that ISA may deem appropriate, at any stage within the selection process, prior to awarding the contract.</p>
32. Clarification of Proposals	<p>32.1 To assist in the examination, evaluation and comparison of Proposals, ISA may, at its discretion, ask any Bidder for a clarification of its Proposal.</p> <p>32.2 ISA's request for clarification and the response shall be in writing and no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by ISA in the evaluation of the Proposals, in accordance with RFP.</p> <p>32.3 Any unsolicited clarification submitted by a Bidder in respect to its Proposal, which is not a response to a request by ISA, shall not be considered during the review and evaluation of the Proposals.</p>
33. Responsiveness of Proposal	<p>33.1 ISA's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself. A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.</p> <p>33.2 If a Proposal is not substantially responsive, it shall be rejected by ISA and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.</p>
34. Nonconformities, Repairable Errors and Omissions	<p>34.1 Provided that a Proposal is substantially responsive, ISA may waive any non-conformities or omissions in the Proposal that, in the opinion of ISA, do not constitute a material deviation.</p> <p>34.2 ISA may request the Bidder to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Bidder to comply with the request may result in the rejection of its Proposal.</p> <p>34.3 For Financial Proposal that has been opened, ISA shall check and correct arithmetical errors as follows:</p> <ul style="list-style-type: none"> a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of ISA there is an obvious misplacement of the decimal point in the unit price; in which case the line item total as quoted shall govern and the unit price shall be corrected; b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related

	<p>to an arithmetic error, in which case the amount in figures shall prevail.</p> <p>34.4 If the Bidder does not accept the correction of errors made by ISA, its Proposal shall be rejected.</p>
D. AWARD OF CONTRACT	
35.Right to Accept, Reject, Any or All Proposals	35.1 ISA reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Bidder(s) of the grounds for ISA’s action. ISA shall not be obliged to award the contract to the lowest priced offer.
36.Award Criteria	36.1 Prior to expiration of the proposal validity, ISA shall award the contract to the qualified Bidder based on the award criteria indicated in the BDS.
37.Right to Vary Requirements at the Time of Award	37.1 At the time of award of Contract, ISA reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.
38.Contract Signature	38.1 Within fifteen (15) days from the date of receipt of the Contract, the successful Bidder shall sign and date the Contract and return it to ISA. Failure to do so may constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security, if any, and on which event, ISA may award the Contract to the Second Ranked Bidder or call for new Proposals.
39.Performance Security	39.1 A performance security, if required in BDS, shall be provided in the amount specified in BDS. Within fifteen (15) days of the contract signature by both parties. Where a performance security is required, the receipt of the performance security by ISA shall be a condition for rendering the contract effective.
40.Bank Guarantee for Advanced Payment	40.1 Except when the interests of ISA so require, it is ISA’s preference to make no advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per BDS, and exceeds 20% of the total contract price, or USD 30,000, whichever is less, the Bidder shall submit a Bank Guarantee in the full amount of the advance payment.
41.Liquidated Damages	41.1 If specified in BDS, ISA shall apply Liquidated Damages resulting from the Contractor’s delays or breach of its obligations as per the Contract.
42.Payment Provisions	42.1 Payment will be made only upon ISA's acceptance of the work performed. The terms of payment shall be within thirty (30) days, after receipt of invoice and certification of acceptance of work issued by the proper authority in ISA with direct supervision of the Contractor. Payment will be affected by bank transfer in the currency of contract.

<p>43. Other Provisions</p>	<p>43.1 ISA may withdraw the RFP at any time by providing written notice to the bidder in any case in which the mandate of ISA applicable to the performance of the Contract or the funding of ISA applicable to the RFP is curtailed or terminated, whether in whole or in part.</p> <p>43.2. The ISA is striving to achieve gender parity in all its activities. In this regard, female-owned organizations and/or teams with significant gender diversity are strongly encouraged to submit a proposal.</p> <p>43.3. The ISA recognizes the importance of valuing diversity and promoting inclusion in all our work programs and partnerships. The ISA strives to engage with organizations and/or teams that reflect its geographical representation and diversity.</p>

Section 4. Evaluation Criteria

Preliminary Examination Criteria

Proposals will be examined to determine whether they are complete and submitted in accordance with RFP requirements as per below criteria on a Yes/No basis:

- Appropriate signatures
- Power of Attorney
- Minimum documents provided
- Technical and Financial Proposals submitted separately
- Bid Validity
- Bid Security submitted as per RFP requirements with compliant validity period

Minimum Eligibility and Qualification Criteria

Eligibility and Qualification will be evaluated on Pass/Fail basis.

Subject	Criteria	Document Submission requirement
ELIGIBILITY		
Legal Status	Vendor is a legally registered entity. JV/Consortium/Sub-contract is allowed under this contract	Form B: Bidder Information Form
Eligibility	Vendor is not suspended, nor debarred, nor otherwise identified as ineligible by any UN Organization or the World Bank Group or any other international Organization in accordance with ITB clause 3.	Form A: Technical Proposal Submission Form
Conflict of Interest	No conflicts of interest in accordance with clause 4.	Form A: Technical Proposal Submission Form
Bankruptcy	Not declared bankruptcy, not involved in bankruptcy or receivership proceedings, and there is no judgment or pending legal action against the vendor that could impair its operations in the foreseeable future.	Form A: Technical Proposal Submission Form
QUALIFICATION		
History of Non-Performing Contracts¹	Non-performance of a contract did not occur as a result of contractor default for the last 3 years.	Form D: Qualification Form

¹ Non-performance, as decided by ISA, shall include all contracts where (a) non-performance was not challenged by the contractor, including through referral to the dispute resolution mechanism under the respective contract, and (b) contracts that were so challenged but fully settled against the contractor. Non-performance shall not include contracts where Employers decision was

Litigation History	No consistent history of court/arbitral award decisions against the Bidder for the last 3 years.		Form D: Qualification Form
Previous Experience	Sl. No.	Criteria	Documents required
	1.	Execution of minimum 3 assignments in last 3 years with Inter-Governmental organizations/Multilateral/UN/World Bank which include similar work, out of which minimum 3 projects should have contract value of at-least INR 50 lakh each	Provide Copies of work orders
	2.	Past experiences of the organization as detailed out in subsequent sections	Provide Copies of work orders
Financial Standing*	Minimum average annual turnover of INR 30 Crores for the last 3 years		Form D: Qualification Form
	Bidder must demonstrate the current soundness of its financial standing and indicate its prospective long-term profitability		Form D: Qualification Form

* Financial standing is desirable and not a mandatory criteria for eligibility

Technical Proposal of Bidders who passes the minimum eligibility criteria will be evaluated.

overruled by the dispute resolution mechanism. Non-performance must be based on all information on fully settled disputes or litigation, i.e. dispute or litigation that has been resolved in accordance with the dispute resolution mechanism under the respective contract and where all appeal instances available to the Bidder have been exhausted.

Technical and Financial Evaluation Criteria

Summary of Technical Proposal Evaluation Forms		Points Obtainable
1.	Bidder's qualification, capacity, and experience	500

Section 5. Terms of Reference

(A) Background

International Solar Alliance is a global platform of 118 countries working towards increased deployment of solar energy technologies to improve energy access, energy security and facilitate energy transition. To assist the alliance in their collective work, a Secretariat has been established in India, which supports Member Countries to develop low-carbon growth trajectories. The ISA is guided by its ‘Towards 1000’ strategy which aims to mobilise USD 1,000 billion of investments in solar energy solutions by 2030, while delivering energy access to 1,000 million people using clean energy solutions and resulting in installation of 1,000 GW of solar energy capacity. This would help mitigate global solar emissions to the tune of 1,000 million tonnes of CO₂ every year. For meeting these goals, the ISA takes a programmatic approach. Currently, the ISA has 9 comprehensive programmes, each focusing on a distinct application that could help scale deployment of solar energy solutions. Activities under the programmes focus on 3 priority areas – Analytics & Advocacy, Capacity Building, and Programmatic Support, that help create a favourable environment for solar energy investments to take root in the country. It has established partnerships with multilateral development banks, development financial institutions, private and public sector organizations, civil society, and other international institutions to achieve its objectives.

The strategic framework and Theory of Change of ISA are depicted in the figure below:

The three core focus areas of ISA are elaborated below:

- i) **Analytics & Advocacy:** The ISA undertakes several analytics and advocacy initiatives aimed at strategic engagement and knowledge dissemination for its diverse set of stakeholders. To scale up

solar investments, ISA has been supporting countries through its advocacy for capacity building, investment mobilization, and other forms of technical support. Two of the flagship analytics and advocacy initiatives include the One Sun One World One Grid (OSOWOG) Initiative; and the Roadmap for mobilizing one trillion dollars in solar investment by 2030. Building on the existing knowledge products, like Ease of Doing Solar, and its network of stakeholders, ISA plans to expand its knowledge products and publish three flagship reports annually on solar technologies, investments, and markets.

- ii) **Capacity Building:** To enable large-scale solarization efforts at the required scale in developing economies, ISA has identified capacity building and institutional strengthening in developing member countries as one of the key priority areas in its Theory of Change and undertaken several initiatives for relevant stakeholders – including policymakers, technicians, financiers, scientists, entrepreneurs, project developers – on aspects related to procurement, business models, financing and other areas to build a skilled and qualified professional workforce for management of solar energy projects, programmes and policies.
- iii) **Programmatic Support:** The ISA Secretariat has been providing programmatic support to member countries for reducing energy poverty through the promotion of various solar energy solutions. The ISA has nine thematic programmes on Solar Applications for Agriculture Use, Solar Mini-Grids, Solar Rooftop, Solar Parks, Solar based E-Mobility and Storage, Solarizing Heating and Cooling Systems, Solar for Green Hydrogen, and two overarching programmes focusing on Affordable Finance for Solar, and waste management for battery and solar photovoltaics

1. Context

Financing of solar energy sector face several barriers and challenges primarily due to the nascent stage of sector, limited regulatory support environment, and lack of availability of domestic capital. The cost of capital is high due to underdeveloped capital markets, emerging market risk, currency risk, and political risk. Lack of cost-reflective tariffs and delays in approval/licensing makes financing and operations of solar companies challenging, especially mini-grid players. Lack of uniform application of tax regime for solar, leading to higher costs for solar developers. Domestic lending to solar enterprises across the countries is low further constraining access to finance for the sector.

The ISA is in the process of structuring and operationalizing a Global Solar Facility (GSF) to mobilize investments to scale up solar, with a dedicated initial focus on the African region for key solar technologies (later to be expanded to other geographies as well). The GSF will be a financing vehicle for the African countries for crowding in investments in the solar sector by providing risk mitigation support. The ISA plans stimulate investments in solar through GSF with the following components:

1. Solar Payment Guarantee fund

The Solar payment guarantee fund will support projects at the time of default in payments by consumers for the power supplied by solar projects. Projects will pay a premium to be covered by this guarantee fund. It will reduce lenders' apprehensions and enable financing for projects that otherwise might not have received financing. The payment guarantee fund will only provide a partial guarantee.

With minimal default, the guarantee fund would enable investments in geographies that do not receive investments.

2. Solar Insurance Fund

The Solar Insurance Fund will reduce the burden of insurance premium for solar developers in the pre-revenue phase of the project. It will offset the cost of insurance for a specified period (e.g., only for the construction phase of the project or pre-revenue phase). The insurance would be provided by organisation that are in the business of project insurance, such as MIGA. The projects could recoup the insurance premium, paid to the Fund, by charging an additional tariff during the revenue phase.

3. Solar Investment Fund

The investment fund would provide the core investment upto 10% of project costs in projects that are participating in the Solar payment guarantee fund and/or solar insurance fund. The core investment would provide the comfort of due diligence to other investors, and thus crowd-in other investors into these projects. It would help to:

- Stimulate demand through TA facility (10% of the fund)– focused on creating a pipeline of bankable projects by supporting project development and building capacities of enterprises/sponsors as well as local governments
- Attract commercial capital providers– the Facility will bring risk capital on less-than commercial terms to make the risk-return profile of solar investments more favorable

The GSF will seek to create, finance, and operationalize these funds **Solar Payment Guarantee fund, Solar Insurance Fund, and Solar Investment Fund (Starting with Africa as the African Solar Facility (ASF))**. It will be aimed at leveraging available investment and project preparation facilities to provide them the confidence to invest in markets that are currently underserved, and where these funds would operate. If required, the Facility, could in the future, establish formal relationships with investment and project preparation facilities or establish its own with the goal of crowding-in investment. It will stimulate **high-potential solar technologies, by attracting private capital** to flow into underserved markets in Africa, while ensuring a payment and insurance mechanism as a first-loss guarantee.

The ASF will be a financing vehicle to help crowd-in investments in the solar sector by providing various forms of risk mitigation support and blended risk capital.

Key objectives of establishing the ASF are:

- Mobilize 1,600 MW of solar projects in Africa worth USD1.4 bn;
- Be a platform that has cutting edge knowledge and expertise on solar;
- Become a self-sustaining vehicle with its own ability and track record to develop new financing facilities for solar across the world; and
- Be a platform that is agile yet has robust internal controls to ensure financings are done expeditiously and within the overall mandate of ISA.

The ASF will be focused on stimulating investments in solar projects in Africa through the following three components, which will be managed by the IM and a TA component. A broad description is provided below:

Component	Description	Size of the Facility	Type of Capital	Structure options
Technical Assistance	Grants to help build robust regulatory and contractual frameworks. Managed by the GSF	\$10 mn	Grant	- Grants allowing capacity building support – leveraging local ecosystem
Guarantees / Risk Mitigation	Payment Guarantees/Risk Sharing Facilities with Domestic Lenders	\$50 mn in Phase 1 \$100 mn in Phase 2	22 yr fund. Public/philanthropic/ DFI funds	- Payment guarantees with / without liquidity facilities (to cover delays in off-taker payments and lower the risk of default and bring down the cost / extent of guarantee cover needed) - Risk sharing facilities with lenders with / without a first loss layer (lowers risk capital for lenders; in partnership with domestic lenders, can ensure availability of local currency financing). - Grant / Loan for premium payable to other provider (eg., MIGA)
Insurance Facility	Loan with concessional pricing and extended grace period to cover insurance costs	\$50 mn	- 15 yr fund. Public/philanthropic/ DFI funds	- Senior loan with interest reduction or waiver to the extent of construction insurance premium paid; - Junior loan in the amount of the insurance premium payable; interest at concessional rate; repayment of the loan and interest is subordinated to senior loan repayments
Investment	Investments in distributed solar projects, solar mini grids	\$90 mn	- 23 yr fund. Mix of (\$30 m) invested as junior capital and senior equity / quasi equity capital (\$60 m)	- Equity / Mezzanine / Sub-debt / Self-liquidating investments (wide flexibility to use a product that is appropriate)
Total		\$200 mn		

The selected entity is expected to providing advisory services in the **operationalizing the Global Solar facility funds**, based on their previous experience working with various international/multi-/bi-lateral organizations.

The selected firm will provide comprehensive advisory services to achieve the following objectives (not exhaustive):

- Develop standard operational procedures for each of the GSF funds, ensuring compliance with ISA and investor requirements.
- Design and implement effective investment and risk management frameworks for each fund.
- Source and evaluate potential investments for each fund, adhering to pre-defined criteria and conducting due diligence.
- Structure and negotiate legal agreements with investment managers, insurance providers, and other relevant parties.
- Oversee the performance of investment managers and ensure adherence to investment mandates.
- Develop and implement robust monitoring and reporting mechanisms for the GSF and its funds.

- Monitoring the projects being supported under the facility and the impact of the facility's investments and assist in the reporting to the investors/donors
- Build the capacity of local stakeholders (governments, enterprises, etc.) through the TA facility.
- Liaise with relevant stakeholders, including ISA member countries, investors, and development partners.

2. Programme area: Resource Mobilization

3. Scope of Work

The selected entity is expected to support ISA through the following indicative tasks (not exhaustive):

1. Strategic Planning and Evaluation:

- **Assessing ISA Partner Countries:** Conducting a thorough evaluation of ISA partner countries in Africa involves an in-depth analysis of their solar energy landscape, regulatory frameworks, and attractiveness to potential foreign investors.
- **Prioritization Frameworks:** Formulating prioritization frameworks entails creating strategic guidelines based on factors such as solar PV potential, regulatory environments, domestic investment landscapes, and the appeal to foreign investors. This strategic planning aids in optimizing resource allocation and focusing efforts on countries with the highest potential for successful solar interventions.
- **Target Country Identification:** Through extensive stakeholder consultations, the objective is to identify target countries in Africa. This involves engaging with local authorities, industry experts, and community representatives to ensure a comprehensive understanding of each country's unique needs and opportunities.
- **Financing Gap Analysis:** Assessing existing gaps and opportunities in financing solar interventions is crucial for tailoring financial strategies. This involves identifying gaps in current financing models, understanding the financial needs of solar projects, and proposing effective solutions to bridge these gaps.

2. Market Research and Analysis:

- **Segment Identification:** Recognizing key segments within the solar industry involves a detailed analysis of different aspects such as technology trends, consumer demand, and emerging market niches. This allows for a targeted approach in addressing specific areas of growth within the solar sector.
- **Market Dynamics Analysis:** Evaluating market sizes, barriers to growth, and financing requirements requires a comprehensive examination of market dynamics. This includes understanding the competitive landscape, regulatory challenges, and financial needs of businesses operating in the solar industry.

3. Operational Procedures and Frameworks:

- **Operational Procedure Development:** Assist in developing or refining standard operational procedures for each GSF funds. It involves defining step-by-step processes

for fund management, investment decisions, and risk mitigation to ensure consistency and efficiency in operations.

- **Investment and Risk Management Frameworks:** Designing effective investment and risk management frameworks for ensuring the success and sustainability of each fund. This includes establishing guidelines for investment criteria, risk assessment, and mitigation strategies tailored to the specific needs of the solar projects.

4. **Investment Management:**

- **Investment Sourcing:** Identifying and evaluating potential investments to sourcing viable opportunities. This involves scouting for projects that align with the fund's objectives, including considerations such as geographical location, project scale, and technological feasibility.
- **Due Diligence Processes:** Conducting due diligence for a comprehensive examination of the legal, financial, and operational aspects of potential investments. This thorough scrutiny ensures that the fund makes well-informed investment decisions and mitigates potential risks.
- **Legal Agreement Structuring:** Structuring and negotiating legal agreements with various parties demand expertise in contract law and financial negotiations. This includes developing agreements with investment managers, insurance providers, and other stakeholders to establish clear expectations and responsibilities.
- **Performance Oversight:** Overseeing the performance of investment managers/investments for assisting in effective fund management. This involves regular assessments to ensure alignment with investment mandates, adherence to operational procedures, and achievement of predetermined financial goals.

5. **Monitoring and Reporting:**

- **Monitoring Mechanisms:** Developing and implementing robust monitoring mechanisms for the GSF and its funds for creating systems to track project progress, financial performance, and adherence to established guidelines, allowing for proactive management and timely intervention when needed.
- **Impact Assessment:** Monitoring projects supported under the facility and assessing the impact of investments requires a structured approach to evaluating social, economic, and environmental outcomes for reporting to investors and donors and demonstrating the positive effects of the fund's activities.
- **Reporting to Stakeholders:** Assisting in reporting to investors/donors involves the preparation and submission of periodic progress reports. These reports highlight key achievements, M&E indicators, challenges faced, and recommended adjustments to the operational plan, fostering transparency and accountability.

6. **Capacity Building and Technical Assistance:**

- **Stakeholder Capacity Enhancement:** Assisting in building the capacity of local stakeholders under the Technical Assistance (TA) facility for targeted efforts to enhance the skills and knowledge of individuals and organizations involved in solar energy initiatives. This includes training programs, workshops, and knowledge transfer sessions.

- **Knowledge Transfer Sessions:** Conducting knowledge transfer sessions for the GSF team members aims to empower the team with specialized expertise in solar energy financing, risk mitigation, and fund management, contributing to the continuous improvement of the team's capabilities.

7. Stakeholder Engagement and Outreach:

- **Collaboration with Stakeholders:** Liaising with relevant stakeholders, including ISA member countries, investors, and development partners and building strong relationships, facilitating communication, and ensuring alignment of objectives among diverse stakeholders.
- **Establishment of Communication Channels:** Establishing regular communication channels and coordination mechanisms with the Investment Manager and the GSF team for ensuring seamless information flow, timely decision-making, and effective collaboration.
- **Outreach and Communication:** Assist ISA in socializing and gathering investor interest through participation in the events of global relevance- CoP, UN events, World Investment Conference, etc.

8. Documentation and Legal:

- **Document Development for Negotiations:** Developing draft documents for negotiation with potential partners with meticulous attention to detail in preparing documents such as Private Placement Memorandum, Subscription Agreement, Advisory Agreement, Investment Management Agreement, Contribution Agreement, and Agreements with Service Providers.
- **Agreement Drafting:** Drafting legal agreements for the formulation of clear and comprehensive contracts that outline the terms and conditions of collaboration with investment managers, service providers, and other key stakeholders. These agreements provide a legal framework for the fund's operations.

9. Team Management and Recruitment:

- **Manpower Determination:** Determining manpower requirements and management cost estimates for evaluating the skills and expertise needed to effectively manage the facility.
- **Professional Team Recruitment:** Assist in recruiting the initial team of professionals for managing the facility & establishing a capable and diverse workforce. This includes hiring individuals with expertise in finance, project management, legal affairs, and other relevant areas.

10. Governance and Internal Controls:

- **Operational Plan Refinement:** Assist in creating/refining detailed operational plans and procedures for each fund involves mapping out key processes, workflows, and decision-making structures. This ensures a clear understanding of how the fund will operate.
- **Establishment of Governance Structures:** Assisting in establishing governance structures, internal controls, and reporting mechanisms for efficient fund management.

This includes defining roles and responsibilities, implementing checks and balances, and establishing reporting protocols.

11. Risk Assessment and Mitigation:

- **Comprehensive Risk Assessment:** Conducting a comprehensive risk assessment for each fund involves identifying potential risks related to investments, market dynamics, and external factors. This analysis forms the basis for developing effective risk mitigation strategies.
- **Customized Risk Mitigation Strategies:** Developing customized risk mitigation strategies includes tailoring approaches to address specific risks identified during the assessment. This may involve diversification strategies, insurance mechanisms, and contingency planning.
- **Implementation of Risk-Sharing Mechanisms:** Advising on the implementation of risk-sharing mechanisms and underwriting criteria for the facility funds involves collaborating with relevant stakeholders to establish mechanisms that distribute and manage risks effectively.

12. Fundraising and Capital Structuring:

- **Fundraising Opportunity Identification:** Identifying fundraising opportunities requires continuous scanning of the financial landscape to recognize potential sources of capital. This involves understanding the preferences of investors, donors, and other financial contributors (alignment with ISA).
- **Funding Proposal Development:** Assisting in developing funding proposals involves preparing comprehensive documents that articulate the fund's objectives, strategies, and expected outcomes.
- **Exploration of Complementarity:** Exploring complementarity with existing financing facilities aims to maximize synergies and avoid duplication of efforts. This involves assessing how the fund can complement and enhance the impact of other financial initiatives in the sector.
- **Donor and Capital Source Identification:** Creating an extensive list of potential donors and sources of commercial capital involves compiling a comprehensive database of entities that may contribute financially. This includes governments, philanthropic organizations, and private sector entities.

13. Progress Reporting:

- **Periodic Progress Report Preparation:** Preparing and submitting periodic progress reports involves compiling comprehensive documentation highlighting key achievements, challenges faced, and recommended adjustments to the operational plan. These reports serve as a means of transparently communicating the fund's performance to stakeholders.

The scope of work also encompasses any additional ad-hoc tasks associated with and essential to fulfilling or executing the aforementioned activities. These tasks will be undertaken based on recommendations or directives provided by the ISA Secretariat

4. Deliverables*

- I. Country Evaluation and Prioritization Report:**
 - a. Comprehensive country evaluation reports.
 - b. Prioritization frameworks for ISA partner countries.
 - c. Target country identification reports.
 - d. Financing gap analysis reports.
- II. Market and Investment Analysis Report:**
 - a. Solar industry segment identification.
 - b. Market dynamics analysis.
 - c. Due diligence reports for potential investments/projects supported.
- III. Operational Framework and Governance Report:**
 - a. Standard operational procedure documents for each GSF fund.
 - b. Investment and risk management frameworks for each fund.
 - c. Detailed operational plans and procedures documentation.
 - d. Established governance structures and internal controls documentation.
- IV. Stakeholder Engagement and Capacity Building Report:**
 - a. List of potential partners / capital providers for the GSF
 - b. Stakeholder collaboration records.
 - c. Outreach and Communication report.
 - d. Stakeholder capacity enhancement documentation.
 - e. Knowledge transfer session materials.
- V. Legal and Fund Management Documentation:**
 - a. Draft documents for negotiations.
 - b. Finalized legal agreements.
 - c. Records of recruited professionals.
 - d. Implemented risk-sharing mechanisms documentation.
- VI. Progress and Impact Assessment Report:**

- a. Robust monitoring mechanism and Impact assessment reports for supported projects.
 - b. Detailed periodic progress reports for investors and donors.
 - c. Report on key achievements, challenges, and recommended adjustments.

- 1.3 Relevance of specialized knowledge and experience on similar engagements for fund-raising done in the region/country.
- 1.4 Quality assurance procedures and risk mitigation measures.
- 1.5 Organization's commitment to sustainability.

SECTION 2: Proposed Methodology, Approach and Implementation Plan

This section should demonstrate the bidder's responsiveness to the TOR by identifying the specific components proposed, addressing the requirements, providing a detailed description of the essential performance characteristics proposed and demonstrating how the proposed approach and methodology meets or exceeds the requirements. All important aspects should be addressed in sufficient detail and different components of the project should be adequately weighted relative to one another.

- 2.1 A detailed description of the approach and methodology for how the Bidder will achieve the Terms of Reference of the project, keeping in mind the appropriateness to local conditions and project environment. Details how the different service elements shall be organized, controlled and delivered.
- 2.2 The methodology shall also include details of the Bidder's internal technical and quality assurance review mechanisms.
- 2.3 Description of available performance monitoring and evaluation mechanisms and tools; how they shall be adopted and used for a specific requirement.
- 2.4 Implementation plan including a Gantt Chart or Project Schedule indicating the detailed sequence of activities that will be undertaken and their corresponding timing.
- 2.5 Demonstrate how you plan to integrate sustainability measures in the execution of the contract.

- 2.6 Any other comments or information regarding the project approach and methodology that will be adopted.

SECTION 2A: Bidder's Comments and Suggestions on the Terms of Reference

Provide comments and suggestions on the Terms of Reference, or additional services that will be rendered beyond the requirements of the TOR, if any.

SECTION 3: Management Structure and Key Personnel

- 3.1 Describe the overall management approach toward planning and implementing the project. Include an organization chart for the management of the project describing the relationship of key positions and designations. Provide a spreadsheet to show the activities of each personnel and the time allocated for his/her involvement.
- 3.2 Provide CVs for key personnel that will be provided to support the implementation of this project using the format below. CVs should demonstrate qualifications in areas relevant to the Scope of Services.
